

Provision of Business Development Training and Mentoring Services for New Frontiers Phase 2 Programme 2022/2023

Detailed description:

The New Frontiers programme is funded by Enterprise Ireland, and is Ireland's national entrepreneur development programme delivered in the Northwest by Atlantic Technological University's Sligo and Letterkenny campuses. It is designed to help people who have an innovative business idea, and would like to establish and run their own companies. It provides participants with a package of supports to help accelerate the business's development and to equip the promoter with the skills and contacts required to be future business leaders. This Request for Tender is for the provision of Business Development Training and Mentoring Services for New Frontiers Phase 2 Programme 2022/2023, at Atlantic Technology University – Sligo & Letterkenny campuses. Please note the initial contract is for 2022/2023 and may be extended for up to a total of 4 years.
