

Multiparty Framework Agreement for Domestic Heating Systems Service & Repair(5 Lots)

Detailed description:

DCC is seeking service providers for Domestic Heating Service & Repair Framework in the Dublin City Council(DCC) area. This will be divided into five distinct Lots, each with its own geographical area of responsibility or purpose. The framework is primarily related to individual gas and oil fuelled hydronic systems. This framework is for the annual servicing and repair requirements of the existing individual domestic boiler and ancillary equipment. When serviced and/or repaired by the Contractor the heating and hot water system shall be a fully functioning system, including all associated fully compliant new and existing items of equipment, piped water and gas services. Please refer to attached documentation for further information. This project is subject to funding.
