

Development and production of an online training programme for the pharmacy profession in Ireland.

Detailed description:

The Irish Institute of Pharmacy (IIOP) wishes to procure a suitably experienced Provider to develop and produce an online training programme in a format suitable to be delivered on the IIOP's Moodle platform (version 3.9). The successful tenderer will be provided with source content and will be required to develop and produce an online training programme using a case study-based instructional design approach. The programme is titled "Pharmacy and Medicines Legislation". The IIOP are currently conducting a separate procurement for a subject matter expert/content writer for this project.
