

The Supply of Battery Powered Portable & Re-chargeable Floodlights to IRCG

Detailed description:

The Irish Coast Guard (IRCG) is seeking the supply and delivery of approximately 197 portable & rechargeable flood lights. These will be utilised in a variety of roles ranging from scene lighting / illumination both in training and in operational responses. The floodlights will be used in varying terrain and weather conditions (to include but not limited to cliff operations, shore searches, woodland, beaches, harbours, headlands, roads etc).
