

NFTP Switches

Buyer: United Kingdom Atomic Energy Authority

Description:

We are currently in the process of constructing a brand new facility on site. We have determined at UKAEA that going forward, we would like to deploy the switches specified (where possible) as they fulfil our requirements and ensure continuity with other hardware we have deployed elsewhere. To be able to deliver on this critical project and enable the opening of the facility, UKAEA requires the specified hardware to ensure the IT Network is provided in the new buildings. We require the kit by the 16th of May, please confirm in your quote that this is possible.

If you cannot provide the hardware listed below, please detail how the alternative suggested will meet our requirement.

Country:

United Kingdom

Published date:

Mar 30 2022

Deadline:

Apr 06 2022

CPVs:

30000000 - Office and computing machinery, equipment and supplies except furniture and software packages
