

## PLACE099 Markham Vale North Tip - Bridge Demolition

Buyer: Derbyshire County Council

---

### Description:

Derbyshire County Council (DCC) is seeking to appoint a single contractor to remove a 72m x 7.2mx1.1m depth Concrete Bridge over the river Doe Lee which contains asbestos panels. The bridge is to be cut and removed at 61.3m A.O.D., with all asbestos to be controlled and legally disposed of. The contractor will work alongside the council's previously appointed earthworks contractor who shall prepare access to the bridge via a temporary working platform to access the bridge. However, the contractor will be appointed as Principal Contractor for the demolition works and shall be responsible for the safe handling and legal removal of ALL asbestos (fixed or fallen) within the working area to its point of disposal. The contract also includes for the receipt, handling, preparation, placement and compaction of additional engineering fill at the abutments which will be available FOC.
