

Annual Renewal of OWL Data Diode Maintenance

Buyer: 692M15 ACQUISITION & GRANTS, AAQ600

Description:

The Federal Aviation Administration's (FAA) ATO Cyber Security Group (AJW-B4) has a requirement for the Annual Renewal of OWL Data Diode Hardware Maintenance (see attachment for quantities and Serial Numbers). The Period of Performance for this requirement is from Date of Award through December 31, 2022. This requirement is being competed on a limited competition basis among qualified authorized resellers of OWL Cyber Defense products/services only.

The FAA will not pay for any information received or costs incurred for preparing responses to this announcement. Therefore, any costs associated with a response to the RFQ are solely at the interested vendor's expense.

This procurement is being set-aside exclusively for competition among small business concerns. It is anticipated that the Government will award one Firm Fixed-Price purchase order to the lowest price responsible responsive offeror, who is an authorized reseller of OWL Cyber Defense products/services, for the full quantities listed in the RFQ, that meet the required specifications, and quantities.

The North American Industry Classification System (NAICS) code for this requirement is 518210 for Data Processing, Hosting, and Related Services with a small business size standard of \$30,000,000.00 annual revenue. All potential vendors must be registered in the System for Award Management (SAM) website (www.SAM.gov) for consideration of this award.

OFFERS ARE DUE NO LATER THAN 5:00P.M. (EST) ON TUESDAY, APRIL 13, 2022. OFFERS RECEIVED AFTER THAT DATE WILL NOT BE CONSIDERED. Offers must provide statement that their firm can meet all requirements outlined above. All submittals must be directed to the Primary POC, Andy Montesinos (Andy.CTR.Montesinos@faa.gov).
