

## **RBBC – LR – RFQ – DLUHC Pathways Programme: Design Code for the Redhill to Horley Corridor**

Buyer: Reigate and Banstead Borough Council

---

### Description:

The NPPF (2021) requires for local planning authorities to prepare design codes in line with the National Model Design Code. Reigate and Banstead Borough Council (RBBC) have successfully been chosen for the Design Code Pathway programme, working with the Office of Place (Department of Levelling Up, Housing and Communities) to develop a best practice Design Code which the Council will produce as a Supplementary Planning Document. The selected area for the Design Code will be at a sub-regional scale in the southeast of the borough including the settlements of Horley, Salfords and Redhill. We have identified the following key themes to be embedded within the Design Code: • Active transport and connectivity • Green infrastructure • Urban intensification • Exemplar design
