

Systems Engineering & Integration Solicitation

Buyer: FA8629 AFLCMC WIH

Description:

The Government intends to award one Indefinite Delivery/Indefinite Quantity (IDIQ) contract (with a 5-year base and five 1-year option periods). Initial contract award (Basic IDIQ and IDIQ Task Orders) will include program management support, systems engineering and related support, training support, and support for exercises, demonstrations etc.

The Contractor will function as a single focal point to provide Systems Engineering & Integration (SE&I) support for US Air Force customers, and the primary deliverable of this contract is services required to develop and sustain the system-of-systems known as the Special Warfare Assault Kit (SWAK).

Please refer to the Performance Work Statement and attachments to this solicitation for further detail. Please direct all questions to the POCs listed below. The deadline for question submission is 2 May 2022 by 4:00 PM Eastern Time. The Government will compile responses to questions and will submit them as an attachment to this RFP posting.
