

Minot AFB Helo Ops Facility

Buyer: W071 ENDIST OMAHA

Description:

This project involves the construction of a new, 135,000 sf hangar at Minot AFB, ND to include Helicopter Squadron Operations, Tactical Response Force (TRF) Alert Crew Facility, Alert Aircraft Shelter, Aircraft Maintenance Unit (AMU), Aircraft Maintenance Shelter, Aircraft Simulator complex utilizing conventional design and construction methods to accommodate MMIII ICBM weapons system mission requirements. This facility will become the main control point for all unit flight and flying training tasks including planning, briefing, administration, alert response, life support system, maintenance, crew equipment storage and issue. Complex must provide collocation of the squadron operations facility and alert crew sleeping quarters with the aircraft to minimize crew response times and enhance rescue/security team effectiveness. Sustainability and energy enhancement measures are included. Associated site improvements shall include new taxiways, runway, heli-pads and associated airfield lighting. The North American Industry Classification System (NAICS) code for these services is 236220 Commercial and Institutional Building Construction with a size standard of \$36.5M.
