

Docking and Maintenance of Utility Float 13 & 130

Buyer: PUGET SOUND NAVAL SHIPYARD IMF

Description:

View Changes 11May2022 - Update - the answer to RFC 003 has been posted. Please see attachments.

2May2022 - Update - Amendment0001 with updated documents and answers to RFC 001-002 have been posted. Please see attachments.

The Regional Maintenance Center at Puget Sound Naval Shipyard and Intermediate Maintenance Facility (PSNS & IMF), Bremerton, Washington intends to award a stand-alone Firm-Fixed-Price contract to accomplish maintenance, repair and preservation on UF 13 & 130.

The UF-13 & UF-130 equipment characteristics can be found in section 1.1 of the attached Statement of Works (SOWs). The contractor's facility must possess the capability of accommodating the UF's with the characteristics as found in the SOWs.

Coordinate with the Contracting Officer, via the Contracting Officer's Representative (COR) to deliver the vessel to the Contractor's facility. Upon docking vessel, wash and clean vessel. Remove existing rubber fenders and associated hardware; retain hardware and fasteners. for installation after sweep-blast cleaning. Remove existing and install new zinc anodes. Preserve interior and exterior of tank covers, replace all gaskets. Blast and preserve main deck, hull, freeboard and components. Apply new non-skid and coating system to the main deck. Undock the vessel. Arrange and coordinate the delivery of the vessel back to the Government with the Contracting Officer via the COR.

The Period of Performance (PoP) is scheduled to be from 2 Aug 2022 through 27 Oct 2022.

This is a total small business set-aside under the North American Industry Classification System (NAICS) 336611, small business size standard 1,250 employees. The Government intends award a Firm-Fixed Price, stand-alone contract in June 2022 to the responsible contractor on a lowest price, technically acceptable basis in accordance with but not limited to the Federal Acquisition Regulation (FAR) 15.101-2. Offerors can view and/or download the draft notional work specifications for review at <https://www.sam.gov>.

All offerors must be registered with the System for Award Management (SAM) to receive award of Government contracts. Offerors are advised also that SAM representations and certifications can be completed electronically via the System for Award Management website at <https://www.sam.gov>.
