

## Add Power and Data Connections to Screening Structures at Viera

Buyer: 248-NETWORK CONTRACT OFFICE 8 (36C248)

---

**Description:**

Provide all Design-Build services including labor, materials, tools and equipment as necessary to construct the project described below and other specific tasks as further defined by this RFP. All proposals are to provide construction services for this project. The contractor shall be a State of Florida Certified/licensed General Contractor.

This Project will add 120V/208V power and data connections to the exterior patient screening structures at Viera OPC including outdoor rated receptacles for the screening tent areas. Contractor shall provide all required design, materials, labor, equipment, and supervision as required to complete work.
