Tender Details

This RFP aims at identifying entities interested in providing consultancy services in one or more of the studies detailed further below.

- Service Providers are expected to provide technical services and capabilities within one or more of the following studies (e.g.: 1 or 2; or 1 and 2; or 3, 7, and 10, etc).

(B.1) GCF Study 1. Assessment of the vulnerability of Pacific Island communities and economies to the effects of climate change on fisheries

(B.2) GCF Study 2. Options for supplying dietary protein for growing Pacific Island populations

(B.3) GCF Study 3. Feasibility of scaling-up National FAD Programmes in all 14 participating countries

(B.4) GCF Study 4. Review of the capacity of national administrations to manage the risks posed by natural disasters to small-scale fishers

(B.5) GCF Study 5. Description of existing and future needs and conditions for distributing bycatch to urban and peri-urban areas

(B.6) GCF Study 6. Mechanisms to produce behavioural change in fish consumption by coastal communities

(B.7) GCF Study 7. Scope for data collection by industrial fishing vessels to inform climate/weather/fisheries models and use of vessels for collecting tissue samples for genetic analyses

(B.8) GCF Study 8. Preliminary framework for joint management of redistributed tuna stocks by WCPFC and IATTC

(B.9) GCF Study 9. Identification of financing mechanisms and supporting policies to sustain the benefits achieved through investment by GCF

(B.10) GCF Study 10. Synthesis of results from the above studies into the comprehensive Funding Proposal Feasibility Study
