TERMS OF REFERENCE FOR THE APPOINTMENT OF THE MUNICIPAL CAPACITY SUPPORT, ASSESSMENT AND AUDIT PANEL (MCSAAP)

1. PURPOSE

1.1. The purpose of this Terms of Reference (ToRs) is to provide guidance on the appointment a Municipal Capacity Support Assessment and Audit Panel (MCSAAP) to assist the National Department of Human Settlements with the provision of the capacity support required by the Provinces and municipalities in relation to the implementation of the Accreditation Programme for a period of three (3) years on as and when basis.

2. BACKGROUND

- 2.1. According to the Municipal Accreditation Framework, accreditation is the recognition by a provincial MEC responsible for Human Settlements that whilst a municipality has met certain criteria and standards, it requires additional support and capacity prior to assuming full responsibilities for the administration of national housing programmes.
- 2.2. The municipal accreditation is one of the housing programmes that can assist government to incrementally delegate and ultimately assign the housing functions to municipalities. The Minister of Human Settlements has, in the past, appointed a Capacity Compliance Panel (CCAP) to guide provinces and municipalities around issues of accreditation and local government capacity building for human settlements related matters. The panel also acted as an advisory body that assisted in the assessment of identified/strategically prioritised municipalities and was fully supported by a team of independent auditors to validate the results of the assessments.
- 2.3. It must be pointed out that previously the appointment of the Panel and Independent Auditors were done or concluded in two separate processes where the latter was appointed as a juristic person or company. To streamline these processes and also to serve as cost cutting measure, the appointment of the

- assessment will be done as one with clear separation of roles and responsibilities.
- 2.4. Through the support of the CCAP, the human settlements sector under the guidance of the National Department has to date processed thirty-eight (38) municipal assessments at different level 1 and 2 across all nine (9) provinces.
- 2.5. The national regulatory framework (legislative and policy prescripts) governing the Accreditation Programme both directly and indirectly include but not limited to: the Constitution, Housing-Human Settlements Act, Municipal Systems Act, Spatial Land Use Management Act, Intergovernmental Relations Framework Act, Public Finance Management Act, Municipal Finance Management Act, and Division of Revenue Act. In addition to the legislation referred to above, the following policy prescripts also apply to the Programme: UN-Habitat International Guidelines on Decentralisation and Access to Basic Services for all, the National Development Plan, Housing-Human Settlements White Paper, Comprehensive Plan for the Development (and Delivery) of Integrated Sustainable Human Settlements, Housing Code, Municipal Accreditation Framework, Outcome 8 Government Programme of Action, and instruction notes that are published in the sector from time to time.

3. OBJECTIVE OF THE MCSAAP

3.1 The main objective of the MCSAAP is to assist the National Department, provinces, municipalities, and institutions where applicable (the human settlements sector) on matters pertaining to the Accreditation Programme as contained in the regulatory framework governing the Programme. This includes research, intergovernmental relations intervention, local government capacity building on human settlements, assessments of municipalities, audits undertaken on the assessment process, human settlements capacity building, negotiations and finalization of the identification of the new municipalities for accreditation, conclusion of the implementation protocols as well their implementation thereof.

3.2 Further where there is a need, the MCSAAP needs to ensure that the municipalities that were allocated level one or two accreditation are further supported to ensure that accreditation as the capacitation programmes realizes its objectives

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
