CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

RFP06/2021/2022: TERMS OF REFERENCES FOR THE APPOINTMENT OF A PANEL OF SERVICE PROVIDERS /CONSULTANTS TO RENDER LEGAL SERVICES FOR THE ROAD TRAFFIC INFRINGEMENT AGENCY (RTIA) FOR THE PERIOD OF 5 (FIVE) YEARS

PURPOSE

The Road Traffic Infringement Agency (RTIA) would like to invite bid proposals from competent service providers to render legal services for a period of 5 (five) years.

2. BACKGROUND

Legal & Governance is a support Unit within the Agency and provides support function within the Agency through a Legal Policy and Compliance Management policy, amongst others. In terms of the Legal Policy, the Unit is tasked to assist the agency to draft contracts and assist in contract management and negotiation, litigation management, drafting of legal opinions and advisories, legislative drafting and interpretation, compliance management and attend to any other legal requests which may be made by business units from time to time. These may range from drafting legal correspondences to attending to labour relations matters such as representing the Agency at the CCMA and assisting during the negotiations with the Union. As it may be perceived from this background, the existence of Unit is beyond important to the sustainability of the Agency and the Unit requires strength in the human capital in order to effectively executive its pertinent functions.

The Agency is on the edge of implementing one of the most important Government policies this year and requires all the legal support it needs in order to achieve that mandate successfully. AARTO Act is one of the most legally complicated and controversial Acts of Parliament to be implemented throughout the whole country. It has implications on the peoples' constitutional rights to movement, freedom of trade, access to courts and the right to not to be presumed innocence until proven guilty. While the Unit firmly believes that the AARTO Act does not and would not negatively impact on these constitutional rights, there is a huge outcry from certain stakeholders that the Act offends certain Bill of Rights provisions and therefore should be repealed and not implemented in the whole country or even at all.

Just closer to the announcement of the date of the national roll out, the Agency faced several litigation matters which were lodged by some of the most prominent and important stakeholders within the transport fraternity in the country. Some of these include a matter lodged by Justice Project South African on the basis that the Agency was not fully compliant with the precepts of the Act which requires that the Agency issues documents to the infringers through registered mail but instead the Agency

utilised what the JPSA termed as secure mail. In another matter, the Agency is taken to court by OUTA which suggests that the AARTO is unconstitutional because it offends the provisions of Schedule 5 of the Constitution which grants provinces and municipalities functional powers to regulate traffic and parking laws.

While emphasis is placed on litigations which necessitate the appointment of legal practitioners in terms of Legal Practice Act, 2014 (Act 28 of 2014), the appointed service providers will also be required to provide other legal support services in the form of legal opinions, drafting of contracts and contract management and other similar services which may be required from time to time.
