

Samagra Shiksha, Department of School Education, Government of Tamil Nadu

Expression of Interest [EoI] is called from Telecom Service Providers (TSPs) / Internet Service Providers (ISP - Class A) for the Selection of Firms to provide-Speed Internet to Government Schools across Tamil Nadu

Samagra Shiksha is an Integrated Scheme for School Education aimed at ensuring inclusive and equitable quality education for Classes 1 – 12. Samagra Shiksha subsumes three existing schemes, viz., Sarva Shiksha Abhiyan (SSA), Rashtriya Madhyamik Shiksha Abhiyan (RMSA) and Teacher Education (TE). The main outcomes of the Scheme are envisaged as Universal Access, Equity, Quality and strengthening of Teacher Education Institutions (TEIs).

Context

In this EoI, the State Project Director (hereinafter referred to as the “Authority”) seeks to invite responses from firms for providing Internet Services at Government schools across Tamil Nadu.

The schools are being upgraded with Smart Classrooms and Hi-Tech Labs. Schools in some cases already possess a 5 or 6 Mbps Internet Leased Line facility, while in others it is being added.

- Each school will also have a Hi-Tech Lab. This is a computer lab with about 10-20 computers (thin-clients), a local server, and an SD-WAN device (SD-WAN not enabled). An **SD-WAN device (FWF – 30E, Fortinet)** is available in the schools with a High-Tech Lab.
- The Hi-Tech labs are being used for:
 - o Conducting online assessment exams;
 - o Online training for students/ teachers using videos/ live streaming by teachers;
 - o E-Library for students (Audio/ Video/ PDF);
 - o Digital Content (Audio/ Video/ PDF) & learning tools that are pushed from the Command Control Centre (Chennai) to Schools;
 - o Schools access the Education Management Information System – EMIS portal that is maintained in Chennai for all schools/ students/ teachers related activities.
- A Smart Classroom is a Classroom with a Smart Board where content will be relayed in the Classroom. This content will include videos, photographs, and text-based inputs. One Smart Classroom for every 5 Classrooms is being created in this first year. The Smart Classrooms will be used to deliver teaching content to the students.
- Over holidays, they may also be extended to external entities as a revenue generation opportunity. The Smart Classrooms and the Hi-Tech Labs may

also be used to conduct video conferences with the leadership of the School Education Department occasionally.

Terms of Reference:

1. In the schools across Tamil Nadu, adequate bandwidth is to be provided with a minimum network uptime requirement of 99% and 98% respectively.
 - a. *With the above input (and any other input that may be required), the Bidders shall respond with their proposed estimation of bandwidth required in the Schools.*
2. The service provider should suggest the most optimal means of providing the necessary bandwidth at the schools based on the existing infrastructure/ need for the up-gradation of infrastructure. The necessary additional infrastructure that may be required should also be prescribed.
3. The bandwidth enhancement should either complement/ replace the existing vendor's bandwidth being provided. The Bidder shall respond with a recommendation on the same, the technical aspects/ pros and cons of either.
4. The router/ access media should be scalable to support up to 100 Mbps bandwidth without change of hardware/ software for any future augmentation of the service provided.
5. Provider should provide centralised portal access to the Authority and to the Authority's nominated representatives for performance review and monitoring of link uptime/ downtime, bandwidth utilisation, etc., in real time and historical visualisation. All necessary EMIS reports shall be made available by the service provider to the Authority. The portal should allow service requests to be raised for the affected links.
6. The contract period shall be for 5 years. However, depending on the performance of the successful bidder; the Authority may contain der extension of the contract on mutually agreed terms for a further period of 02 years thereafter. The contract will include installation, maintenance, troubleshooting, and hand-over.
7. The bidders shall propose their delivery schedule to make the services available as per requirement, from the date of issue of the work order.
8. The following Quality of Service (QoS) parameters are expected to be adhered to:

Parameter	Expected Minimum QoS <i>(Bidders may prescribe more stringent QoS and will be given a preference for the same)</i>
Port availability	99% for ICCC and 98% for endpoint fields calculated on monthly basis.
Committed Information Rate (CIR)	100%
Packet Loss	Less than equal to 1%.

Round trip latency across the globe	Round trip latency to the various locations across the globe viz. New York, San Jose, London, and Singapore shall be < milliseconds.
Round trip latency within India	It should be <150 milliseconds. The round-trip latency will be measured online by the tool provided by the service provider.
Average packet loss on the internet link	<p>It should be less than equal to 1%.</p> <p>It shall be measured by computing the per cent packet loss of 1000 pings (with acknowledgement for each previous packet received) of 64 bytes each. This confirmed packet loss is the measurement of packet loss from department gateway router in ICCC to the router of Internet backbone Tier 1 ISP in USA/Europe/Asia-Pac and for measurement of packet loss to locations inside India – from Department gateway router in ICCC Data Center to the router of ISP's backbone router in India.</p>

9. On **network interruptions**, complaints shall be logged by the Authority (or any individual associated with the Authority) as per the mutually agreed call registration process. The downtime shall start immediately expiry of the maximum permitted initial response time, which shall need to be proposed by the bidders at Major locations and other locations. Please fill Annexure 1b for this.

10. **Planned Downtime:** There shall be a provision for planned maintenance activity in the service providers' network for which the service provider shall inform the department at least 5 working days in advance. The maximum window for such maintenance shall not exceed 8 hours in six months with a single block not exceeding 4 hours at a stretch. The downtime period taken for the planned maintenance activity shall be made available only during off-peak hours and as advised by the advised the department. The downtime period taken for planned maintenance activity shall not be reckoned for calculating the Uptime availability of the services.

The Authority hereby invites Expression of Interest (EOI) for providing internet services to government schools with the above-mentioned terms of reference. Interested parties are required to submit a detailed proposal in the template in Annexure 1.

To clarify the initial doubts of the Bidders, a pre-EoI discussion meeting will be held on 6-July-2022 at 11 AM. All bidders are invited to send in their queries by 4-July-2022 (11 AM) and the same shall be responded to. The meeting will be held online and offline. The online meeting link will be made available online on 05/07/2022 by 5 PM.

Based on the submission of EOI, the firms shall be shortlisted and invited to submit their proposals. The Authority may, if required, limit the call for responses to the Request for Proposal only to shortlisted firms, based on their technical ability demonstrated. The Authority may also choose to empanel multiple vendors to provide services in different districts/ blocks

based on their existing network availability and strength of existing deployment.

In case of any clarifications/ doubts/ gaps in the response submitted, the Authority reserves the right to seek additional clarifications from the bidders/ call them for discussions.

The EoIs must be submitted through sealed envelopes addressed to:

State Project Director,
Samagra Shiksha Office,
DPI Campus, College Road,
Nungambakkam, Chennai,
Tamil Nadu – 600 006.

on or before 27- July-2022 and before 2:00 PM.

Annexure 1a: Format for submission of the response to Expression of Interest

Sl. No.	Parameter	Response												
1	Name of Bidder													
2	Address of Bidder													
3	Bidder should be a Telecom Service Provider (TSPs) / Internet Service Provider (ISP - Class A)	Choose one option and submit relevant proof: 1) Telecom Service Provider 2) Internet Service Provider (Class A)												
4	Key business verticals of the Bidder	-												
5	Audited revenues and profit after tax of the Bidder (Rs. in crore).	<table border="1"> <thead> <tr> <th>Year</th><th>Revenue (Rs. in crore)</th><th>Profit (Rs. in crore)</th></tr> </thead> <tbody> <tr> <td>FY 20-21</td><td></td><td></td></tr> <tr> <td>FY 19-20</td><td></td><td></td></tr> <tr> <td>FY 18-19</td><td></td><td></td></tr> </tbody> </table>	Year	Revenue (Rs. in crore)	Profit (Rs. in crore)	FY 20-21			FY 19-20			FY 18-19		
Year	Revenue (Rs. in crore)	Profit (Rs. in crore)												
FY 20-21														
FY 19-20														
FY 18-19														
6	No. of States in which the service provider is providing internet services to government departments through a centralised contract at the State level . (Do not include details of connections obtained at the local level by each school/ office)													
7	The existing infrastructure of the Bidder in each of the districts in Tamil Nadu to be able to provide internet services.	(Please respond as per the template in Annexure 3).												
8	The detailed schematics of the proposed architecture for providing internet services.	If additional space is required to demonstrate solutions district wise, please use additional pages and provide the Annexure number in this cell.												
9	The proposed timelines and delivery schedule													

Sl. No.	Parameter	Response
	from the date of issue of Work Order (T ₀).	
10	The technical specifications of the proposed architecture include the equipment required and other digital infrastructural prerequisites.	
11	The list of queries that require clarification and response from Samagra Shiksha (along with a tentative response)	
12	Single point of contact of the bidder	<p>Name</p> <p>Designation</p> <p>E-mail</p> <p>Phone Number / Mobile Number</p> <p>Whether the individual can be contacted to provide inputs to the Authority on technical and commercial matters</p>
13	Profile of Project Manager proposed to head this project (provide a detailed CV as per Annexure 2)	<i>Provide a 50-word summary here:</i>
14	Project exclusions (please clearly specify the components of work that are not proposed to be included)	
15	SLAs proposed for handling complaints/ system faults/ down-time/ planned down time, etc.	
16	Proposed team deployment across the state that can be mobilised if required (provide district wise	<i>Response to be provided in Annexure 3.</i>

Sl. No.	Parameter	Response
	details). Response to be provided in Annexure 3 (last column)	
17	Internet Feasibility Survey across the locations provided by the department	<i>Response to be provided in Annexure 5.</i>

Annexure 1b: Table for providing a response to clause 9

Sl. No.	Type of Link	The maximum permitted initial response time	The maximum permitted restoration time
1	Major Locations		
2	Other School Locations		

Annexure 2: CV of Project Manager

1.	Proposed position				
2.	Name of staff		[First] [Middle] [Surname]		
3.	Date of birth				
4.	Profile Brief (in 50-75 words)				
5.	Nationality				
6.	Educational Qualifications				
7.	Membership in Professional Organizations & Publications				
8.	Countries of Work Experience				
9.	Languages	Language	Proficiency (Good/ Fair/ Poor)		
			Speaking	Reading	Writing
		English			
		Tamil			
10.	Employment Record	Name of the Organization	Position held		Duration
					YYYY to present
11.	Previous Relevant work experience that best illustrates capability to handle the task assigned	[Among the assignments in which the staff has been involved, indicate the following information for those assignments that best illustrate staff capability to handle the tasks assigned]			
		<p>Project No. 1</p> <p>Name of assignment or project:</p> <p>Project start and end date:</p> <p>Location:</p> <p>Client:</p> <p>Designation of the project:</p> <p>Project Cost:</p> <p>Main project features:</p> <p>Role of Staff on the project:</p>			
		<p>Project No. 2</p> <p>Name of assignment or project:</p> <p>Project start and end</p>			

	<p>date: Location: Client: Designation of the project: Project Cost: Main project features: Role of Staff on the project:</p>
	<p>Project No. 3 Name of assignment or project: Project start and end date: Location: Client: Designation of the project: Project Cost: Main project features: Role of Staff on the project:</p>
	<p>Project No. 4 Name of assignment or project: Project start and end date: Location: Client: Designation of the project: Project Cost: Main project features: Role of Staff on the project:</p>
12.	I hereby certify that all the information provided in this CV is true and correct to the best of my knowledge and belief. I also give consent to my CV being included in this project.
13.	<p>Signature of candidate Date: Place:</p>

Annexure 3: Existing infrastructure available in Districts

(Vendors providing Information about a minimum of 30 Districts across the state will alone be considered for d for the next level of evaluation)

Sl. No.	District	Existing Infrastructure	Access Points/ Minimum assured bandwidth available	No of users already in the network	Average bandwidth load from 9:00 AM to 5:00 PM	Average Peak Bandwidth Load and its time duration	Proposed Team Deployment (Qn. No. 16)
1							
2							
3							
4							
5							
6							
7							

Annexure 4: Indicative components of pricing

(The financial bid template in the RfP will be designed using these formats)

Bidders are not required to specify ANY financial quotes/ rates in this template. Only the components of payment are required to be included.

(Please add as many rows as required.)

Sl. No.	Component	Whether One – Time or Recurring	If Recurring, frequency	Any other points to be brought to the notice of the Authority
