Title

HADEA/2022/OP/0006 Capacity Building on Primary Use of Health Data

Description

This call for tenders aims to support capacity building activities, to strengthen the skills of staff in public administration, by bringing together public sector expertise working on national digital health services. The requested services include the development of a capacity building requirements' catalogue, followed by the mapping of the situation in EU countries by achievement level, in relation to the catalogue requirements. Finally, the tenderer shall design, create and implement an experts' visits programme for staff working in the field of digital health. This will ensure a mutual learning exercise for training, exchange of best practises and knowledge between EU countries.
