Title

My Trade Assistant for Services and Investment: Procurement of Information and Data
Regarding the Export of Services and Investment to Third Country Markets

Description

Framework contract to cover services related to the procurement of information and data. The project aims at providing information to EU suppliers that are interested in exporting services outside the EU. This information will be displayed in a new dynamic and interactive online tool (a 'trade assistant'), which will be integrated in the Access2Markets portal. The information and data that the contractor will be required to collect and provide concern various requirements that EU suppliers need to fulfil to export services outside the EU, as well as some additional information, in different sectors and third countries. They will need to be supplied in a format compatible with Access2Markets and presented in a user-friendly manner. The project will consist of both research and data collection as well as IT-related work.
