Title

Gas chromatograph system

Please note that this is not a call for tenders but a publication announcing the Contracting authority's [intention to publish a future negotiated low or middle value procedure](#).

Description

Supply and installation in JRC Ispra laboratories of a new gas chromatograph with a Dean switch system and double FID detector to be coupled with a thermal desorber and mass spectrometry detector. In the framework of the Air Quality Directive (2008/50/EC, amended by CD 2015/1480) and the support provided by JRC to current air quality legislation, for which the measurements of organic air pollutants such as aromatic compounds and other ozone precursors are required.
