**Title**

The Provision of Technical Assistance by an Infrastructure Project Leader at JRC  
Petten

**Description**

The JRC Petten has a continuous need for technical and engineering support from a project leader in the field of works preparation, planning and project execution including administration, assisting the different processes of R.2 projects and their progress. This project leader shall be mainly dealing with support on the preparation and the supervision of small to medium sized projects (execution value below EUR 60 000 and EUR 140 000 respectively) and on monitoring extraordinary maintenance and urgent repairs activities performed by external contractors.
