Title

Roof's safety installations and fall protection at JRC Geel

Please note that this is not a call for tenders but a publication announcing the Contracting authority's [intention to publish a future negotiated low or middle value procedure](#).

Description

In order to update the roofs' safety installations and fall protection at JRC Geel site, a variety of intervention works will take place on 11 different buildings. These interventions include new cage ladders, (approx. 20 cage ladders) adaptations of safety steps, additional fall protection railings, life lines installations on 5 roofs, etc. The procurement includes supply of the appropriate materials (according to national legislation and EN standards) and installation. Further information will be provided per building in the technical specifications.
