Tender reference number FISMA/2022/OP/0001

Title Study on Economic Impact of EU Sanctions

Description

The use of restrictive measures (sanctions) by the EU over the past years has increased. However, despite the breadth of EU experience with sanctions, the economic impact of EU restrictive measures is insufficiently understood and only a few studies so far have examined it. Policy making and implementation would benefit from a systematic framework for measuring and monitoring the economic impact of its restrictive measures.
