Title

Preparation and delivery of specialised training on the inclusion of gender dimension in the EU budget

Please note that this is not a call for tenders but a publication announcing the Contracting authority's [intention to publish a future negotiated low or middle value procedure](#).

Description

The objective is to develop and deliver a specialised training programme for Commission staff on how to integrate the gender equality perspective into the EU budget (gender budgeting). In particular, the training programme shall equip the target audience with the necessary theoretical and applied knowledge to recognize relevant gender equality angles in EU policy initiatives, conduct gender analysis as well as to identify the data, objectives and indicators necessary to integrate such a gender equality perspective in the performance framework of the EU budget. Reason for purchasing: Currently there is not sufficient in-house expertise on the inclusion of gender in the budgetary process.
