Title

Framework contract for the supply of vacuum parts and Ion-pumps

Please note that this is not a call for tenders but a publication announcing the Contracting authority's [intention to publish a future negotiated low or middle value procedure.](#)

Description

With this PPMT request G.2 would like to establish a FWC for the delivery vacuum parts (stainless steel and aluminium) and Ion-pumps for the next 4 years. For upgrades and changes on our two accelerators it is needed to have a flexible ordering contract for these types of materials. It must be possible to order the items via an online webshop of the supplier. This webshop must give an overview on the items in stock and must be delivered within 48 hours. The call will be divided in 2 lots: Lot 1: Tubes, flanges & chambers Lot 2: Ion pumps and accessories
