Title

Framework Contract for the Provision of Technical Services to the European Commission for Radio Regulatory Activities Required to Support the EU Space Programmes

Description

The purpose of the present framework contract is to provide technical and regulatory services to the European Commission for radio regulatory activities required to support the EU Space Programmes. Such support includes four main activity areas, namely:— Task 1: preparations concerning World Radiocommunication Conferences (WRC);— Task 2: non-WRC regulatory issues;— Task 3: ad-hoc ITU coordination activities;— Task 4: interaction with national regulatory authorities.
