Title

Provision of services supporting the implementation and monitoring of technical support projects in Romania

Please note that this is not a call for tenders but a publication announcing the Contracting authority's intention to publish a future negotiated low or middle value procedure (read more [here](#)).

Description

The general objective of this service contract is to provide services supporting activities of the Bucharest office of DG REFORM, notably, but not limited, by contributing to the following activities: 1. Supporting the design, implementation, monitoring and evaluation of technical support projects in Romania; 2. Monitoring the situation in Romania. The services acquired under this contract will assist in the delivery of quality support under the Technical Support Instrument (TSI) and in the efficient implementation of the TSI and relevant projects and activities. Planned contract type is Direct Contract with maximum duration of 24 months.
