Title

European Road Safety Observatory

Description

This tender aims to cover continuous updates of the European Road Safety Observatory (ERSO) activities. In particular, the tender aims to seek a contractor to review the current content and presentation of ERSO, update annual statistical report and monitoring reports of country performance, produce and maintain country profiles, provide detailed quantitative analysis on main road safety issues, provide in-depth qualitative analysis on selected road safety topics, explore the use of geographical coordinates on the analysis of RS performance, collect and analyse information on national policies and measures, produce in-depth analysis of ESRA data for the EU MS and provide specific ad-hoc reports on road safety topics. Further support to maintain and develop ERSO is required to help implement and monitor the policies, commitments and targets set out in the EU road safety policy framework for 2021-2030.
