

Title:

Supply of a portable LIBS analyser for characterisation of legacy nuclear waste

Contracting authority:

[European Commission, Joint Research Centre - Karlsruhe \(JRC-KRU\)](#)

Start date:

23/06/2022

Deadline to express interest:

08/07/2022

Status:

Open

**Tender reference
number**

JRC/KRU/2022/LVP/1837-ExA

Title

Supply of a portable LIBS analyser for characterisation of legacy nuclear waste

Please note that this is not a call for tenders but a publication announcing the Contracting authority's intention to publish a future negotiated low or middle value procedure (read more [here](#)).

Description

In the frame of the CONLEWA project old irradiated fuels have to be characterized. An essential point is to make the difference between carbide, nitride and oxide fuels. A portable LIBS (Laser Induced Breakdown Spectroscopy) able to identify C, N, O is an ideal tool to sort the fuels directly in the hot cells.
