Work Package 11 – European Territorial Cooperation (2022CE16BAT037)

Description

Directorate-General for Regional and Urban Policy intends to launch a study to assess how the support provided by the European Regional Development Fund (ERDF) has contributed to the European Territorial Cooperation (ETC) goal. This evaluation will address the investments made through cooperation programmes subscribed to the European Territorial Cooperation (ETC) goal, co-financed by the ERDF in the 2014-2020 period. It will assess their rationale and the evidence of their effectiveness, efficiency and impact, their coherence with other policies, their relevance and the EU added value. It will seek to identify factors contributing to the success or failure of these investments under different socio-economic conditions, good practice and their contribution to growth, sustainable development and job creation.
