Title

Radioactive Waste Management Facilities Operations and Maintenance (RAMA) Services

Description

The aim of the procurement is signing a framework contract (FWC) for the 'supply of radioactive waste management facilities operations and maintenance services'. The FWC is needed to operate radioactive waste management facilities on the JRC Ispra site, which are part of the site's decommissioning and radioactive waste management program. In particular, the services and the supplies included in the FWC are related to the operation of facilities dedicated to radioactive waste characterisation, treatment, conditioning and storage.
