**Title**

Support to Green Electrons and Molecules' (GEM) development in the Southern Neighbourhood

**Description**

The overall objective of the MED-GEM project is to support the creation and the operationalisation of a Mediterranean Green Electrons & Molecules (GEM) Network in the Southern Neighbourhood region by convening dialogue and collaborative activities between key stakeholders such as policy makers, industry (public and private), IFI's, civils society, research entities, in order to accelerate the GEM market development and increase public awareness on the imperative need for an accelerated clean energy transition.
