Title

Installation and modification of electrical installations in gloveboxes, hot cells, laboratories and in the building

Description

The JRC Karlsruhe is planning to award a framework service contract for electrical installation work. This mainly involves fitting scientific and technical apparatus in gloveboxes, laboratories and hot cells, as well as maintaining fixed electrical installations for energy distribution and lighting. Some of these facilities are newly constructed, expanded, maintained and repaired in part. The majority of the work is undertaken in a controlled or contamination area.
