## GENERAL INFORMATION

The Bank has taken the premise located within the premise of RKSD College situated at RKSD College, NH 65, Kaithal - Ambala Rd, Haryana 136027 on lease. The Bank intends to furnish the above area to accommodate RKSD College Kaithal Branch including elobby. The carpet area for Furnishing, Electrical and Networking work to be developed is 1669Sq Ft. Tentative cost: Rs.18 Lacs + GST as applicable. The final estimation will be given by the project architect.

### SCOPE OF WORK

#### I. Brief details of work:

The Bank intends to carry out furnishing, Electrical a Networking Work of the leased Branch premises and e-lobby with carpet area of 1669 sq ft area (Branch premises and ATM premise) at RKSD College, NH 65, Kaithal - Ambala Rd, Haryana 136027. The selected Architect will have to understand the requirement of the Branch by visiting at least two times and will have to prepare plans providing the best facilities to the employees. The plans shall be submitted to local authorities for approval if any. The architect will have to work out the detailed estimate, bill of Quantity and submit the same to the Bank for approval. The bank will be inviting tender and works will be awarded to the LI Agency. During the execution, the Architect has to provide quality supervision and certification of works to enable the Bank to release payments raised by the contractors. Upon completion of work, the Architect will have to obtain a completion certificate. The Architect will have to plan Interior Refurnishing, Electrical, Networking works etc.

#### 2. Duties/Scope of work expected from the Project Architect

2.1 Taking the instructions from the Bank, visiting the sites, preparing sketch designs which is hall be in accordance with local governing codes/standards, regulations, etc. (including carrying out necessary revisions till the sketch designs are finally approved by the Bank), making an approximate estimate of cost by cubic measurements, square meter or otherwise and preparing reports on the scheme so as to enable the Bank to take a decision on the sketch designs. The Architect shall get necessary approvals and ensure compliance with code, standards and legislation as are applicable and assist the Bank in obtaining the statutory approvals thereof if required. The Architect will supervise the construction of Strong room in the branch premise as per RBI specifications and provide certification that the strong room has been constructed as per RBI specifications.

2.2 Submitting a proper PERTCHART / Bar Chart incorporating all the activities required for the completion of the project well in time i.e. preparation of working drawings, structural drawings, detailed drawings, calling tender, etc. The program should also include various stages of services to be provided by the Project Architect / Consultants.

2.3 Preparing architectural working drawings for interior furnishing works with false ceiling drawings, electrical, telephone, data connection, air condition layout with specifications, fire fighting system specifications, furnishing plans, cross-sections, etc., detailed estimates and all such other particulars as may be necessary for the preparation of bill of quantities.

2.4 Preparing architectural working drawings of furniture work and pre-qualification documents and carrying out scrutiny. The Architect shall also furnish specific conditions/statutory stipulations/code procedure/ schedule of rate etc., desire to be followed.

2.5 Preparing pre-qualification documents for the appointment of furnishing contractor and carrying out scrutiny of the same.

2.6 Preparing detailed tender documents for furnishing works, false ceiling with electrical drawings, air conditioning layout drawings with specifications etc. complete with articles of agreement, special conditions, conditions of contract, specification, bill of quantities, including detailed analysis of rates based on market rates, time and progress charts, etc.

2.7 Preparing tender notices for issue by Bank for inviting tenders from prequalified /shortlisted parties\on behalf of Bank, as the case may be for all trades and submitting assessment reports thereon, including code of practice covering aspects like measurement, method of payments, quality control, procedures on materials, work and other conditions of work. Submitting assessment reports thereon, together with recommendations specifying abnormally high and low rated items, comparative statements, and justification for acceptance of the contract. Preparing contract documents for all trades and getting them executed by the concerned contractors.

2.8 The assessment report shall be based on the detailed estimate, proper analysis of rates using data from an approved Standard Hand Book and market rates of materials and labour for major items of works costing about 90% of the estimated cost of the work.

2.9 All commercial conditions shall be evaluated in financial terms instead of merely saying whether a condition may be accepted or not.

2.10 When conditions are not susceptible to evaluation, the alternative procedure of calling all the tenders for negotiation and asking them to submit a final bid based on the terms and conditions acceptable to the Bank may be adopted. The Architect shall ensure that necessary fees, levies, security deposits and expenses in respect of statutory sanctions are complied with. The Architect shall exercise all reasonable skill, care, diligence in the discharge of duties and to inspect and evaluate the work ongoing and wherever necessary clarify any decisions, offer interpretations of drawings/specifications, attend conference/meetings to ensure that the project proceeds generally in accordance with the conditions of the contract and keep the Bank informed and render advice and actions if required and the Architect is responsible for the directions, integrations and successful completion of the entire projects.

2.11 Preparing for the use of the Bank, the contractor and site staff, 4 copies of the contract documents for all trades including all drawings, specifications and other particulars. Preparing such further details and drawings as are necessary for the proper execution of the works.

2.12 Assuming full responsibility for supervision and proper execution of all works by General and Specialist Contractors who are engaged from time to time, including control over quantities during the execution to restrict variation, if any, to the minimum.

2.13 No deviations or substitutions should be authorized by the Architect without working out the financial implication, if any, to the contractor and obtaining prior approval of the Bank. However, where time does not permit and where it is expedient, the Architect may take decisions on behalf of the Bank, the total cost of the item/deviation of which should not exceed Rs.10,000/-. This deviation shall be got subsequently ratified from the Bank duly justifying his action at the earliest.

2.14 Working out the theoretical requirement and actual consumption of cement and steel and any other material specified for each bill.

2.15 Deploy a full time/temporary Site Engineer for supervision of proposed work.

2.16 Checking measurements of works at the site. Checking contractor's bills, issuing periodical certificates for payments and passing and certifying accounts so as to enable the Bank to make payments to the contractors and adjustments of all accounts between the contractors and the Bank. Architect(s) shall assume full responsibility for all measurements certified by him/ them. It should be mandatory on the part of the Architect to check the measurements of various items to the extent of 100% of each item of work claimed, in each running bill.

2.17 The Architect / Consultant to issue a certificate of payment as under:-

**“Certified that the various items of work claimed in this \_\_\_\_\_ running bill / final bill by the contractor \_\_\_\_\_ have been completed to the extent claimed and at appropriate rates and that the items are in accordance with and fully conforming to the standard / prescribed specifications and drawings. We further certify that we have checked the measurements to the extent of 100% of each item claimed in this bill. Hence the bill is recommended for payment of Rs \_\_\_\_\_.”**

**Date**

**(Signature of Architect”**

2.18 The Architects shall endorse the above certification in the relevant Measurements Books also.

2.19 The Architect shall certify after test/commissioning / final inspection and check as the case may be, the completion of the work and/or satisfactory functioning of the system in services and utilities, as the case may be.

2.20 Submitting a detailed account of material at the site that the bank may specify and certifying the quantities utilized in the works.

2.21 Obtaining final building Completion Certificate / Occupancy Certificate/NOCs and securing the permission of Municipality and such other authority for the occupation of the building and assisting in obtaining a refund of the deposit, if any, made by the Bank to, the Municipality or any such other authority. For furnishing/renovation work wherever permission is required from Municipal / other authorities, the same shall be obtained by the Architect.

The liaisoning expenses for obtaining the permission shall be borne by the architect /consultant. The Bank will pay deposit/scrutiny fee.

2.22 The Architect shall appear, on behalf of the Bank, before the municipal Assessor or such other authorities in connection with the settlement of the rate-able value of the building and tendering advice in the matter to the bank.

2.23 On completion of the project, prepare "as made" completion drawings of furnishing works, electrical, telephone, data cabling, air conditioning layouts and other services along with a brief report on the project and submit 4 copies of the same for the records of the Bank. A soft copy of the drawings as well as tender document shall also be submitted to the Bank.

2.24 Further, the Architect shall verify and confirm that identification marks are made on all service installations/cables/wiring, etc. for easy identifications to carry out maintenance jobs.

2.25 The Architects shall be wholly responsible for the successful completion of the project in all respects consistent with safety and structural stability from the inception up-to the handing over for occupation to the Bank.

2.26 The Architects shall assist the Bank in all arbitration/legal proceedings between the contractors and the Bank and also defend the Bank in such proceedings.

2.27 The Architect shall furnish two complete sets of structural designs, calculations and structural drawings for the Bank's record.

2.28 The Architect / Consultant shall also assist the Bank in inspection and replying to the queries raised by vigilance/audit authorities.

2.29 The supervising staff deployed by the architect/consultant shall maintain the following registers on daily basis i.e. Daily Progress Report, Site Order Book, Material inward register, Material testing record, High-Value Material Receipt Register, Hindrance Register, etc. Such registers shall be made available for the inspection of the bank officials as and when required by the Bank.

2.30 The Architect / Consultant shall conduct site meetings on weekly basis to be attended by the Bank / contractor's representative.

2.31 Any other services connected with the works usually and normally rendered by the Architects, but not referred to herein above.

2.32 In case it is established that due to fault of the Architect /Consultant, the Bank has to pay any extra amount due to over-run of the project, over measurements – faulty description of tender item or any other lapse on the part Of the Architect / Consultant necessary recovery may be effected from the Architects /Consultants fee as per provision of section 73 of Indian Contract Act 1872 and under Section 30 of Architects Act 1972(Central Act No.20 of 1972), besides the Bank's taking recourse to proceed against the Architect / Consultant for recovery of the extra amount incurred by the Bank. The Architect's / Consultant's liability may be however limited to 10 % of the fees paid to him.

2.33 In the event of any dispute, difference or question arising out of or touching or concerning assignment given to you at any of the field offices, the same shall be referred ,at the option of either party, to the arbitration of a sole Arbitrator mutually agreed upon. If the parties fail to appoint a mutually agreed sole arbitrator, both the parties shall appoint one arbitrator each and both the arbitrators shall appoint one presiding arbitrator(umpire). All the arbitrators shall be the Fellows of the Indian Institute of Architects or the Institution of Engineers (India). The said arbitration proceeding shall be under the provision of the Indian Arbitration and Conciliation Act, 1996 together with any statutory modifications thereof. The award of the arbitrator(s) or umpire, as the case may be, shall be final and binding upon the parties. The Arbitrations proceedings and any legal action or proceedings arising out of this agreement may be brought in the Courts or Tribunal in Karnal.

2.34 The Architect / Consultant shall take proper care in estimating the quantity of work required and shall not increase the quantum of work after acceptance of the contractor's bid. The professional fee to be paid to the architect shall be restricted to a percentage on the maximum of 110% fee on the value of the accepted tender.

2.35 The Architect / Consultant shall not be recommending mobilization advance to any of the contracting agency. In case if the advance is to be paid, the same shall carry interest at the rate of MCLR and again submission of Bank Guarantee for equal amount from the Nationalized Bank.

2.36. Under no circumstance, you will be submitting recommendations of contract other than lowest.

### **3. TERMINATION OF CONTRACT**

3.1 The Bank may, without prejudice to its right against the Architect in respect of any delay or deficiency in service, terminate the contract by giving 15 days' notice in writing in any of the following cases.

- If the Architect being company pass a resolution or a court order that the company shall be wound up or if a receiver or a Manager is appointed on behalf of a creditor or circumstances arise which entitles the court to pass a winding-up order.

- The Architect, in the opinion of the Bank, is not pursuing the project with due diligence and/or within the timeline agreed.
- If the Architect commits any breach of any of the terms of the agreement.

3.2 Once the agreement is terminated as narrated in clause 3.1 as above, the Bank shall be free to engage any other architect, of its own choice, to carry out the balance work. The bank shall debit the Architect the excess amount, if any, spent and recover such excess amount from the fees due to the Architect, the Security Deposit or from any other money due to the Architect.

3.3 In the event of the termination of the agreement by the Bank, the Architect shall not be entitled to any compensation or damages by reason of such termination, but only on the fees for the service actually rendered, which have been duly approved by the Bank. The decision of the Bank as regards the actual work/service done shall be final and binding on the Architect; the bank shall be entitled to make use of all or any drawings, designs or other documents prepared by the Architect.

3.4 The Architect shall promptly notify the Bank of any change in the constitution of his firm. It shall be open to the Bank to terminate the agreement on the death, retirement, insanity or insolvency of any person being the director in the said firm, or on the addition or introduction of a new director. But until its termination by the Bank as aforesaid, this contract agreement shall continue to be in full force and effect, notwithstanding any changes in the constitution of the firm by the death, retirement, insanity or insolvency of any of its director or addition or introduction of any new director. In case of death or retirement, the surviving or remaining directors of the firm shall be jointly and severally liable for the due and satisfactory performance and for compliance of all the terms and conditions of this contract agreement.

#### **4. ABANDONMENT of WORK:**

If the Architect abandons the work for any reason whatsoever or becomes incapacitated from acting as aforesaid, the Bank may make full use of all or any of the drawings and details prepared by the Architect and the Architect shall be liable to refund all the Excess fees paid to him up to that date plus such damages, as may be assessed by the Bank subject to maximum of 10% of the total fees payable to the Architect under this agreement. Further the Bank shall be entitled to make use of all or any drawing(s) designs or other documents prepared by Architect.

#### **5. Miscellaneous information**

5.1. The Selected Architect will have to sign an agreement in prescribed format on non-judicial stamp paper of Rs. 200 and more (as per availability). The engagement shall be a period of 3 months from the date of MOU. The Bank reserves the right to extend the validity period on mutually acceptable terms and conditions.

5.2. Intending Architects are requested to read the application form carefully before filling the particulars.

5.3. Information / details furnished by selected party, if found to be false at any time in future or any information affecting engagement is willingly / unwillingly withheld if come to the notice of the Bank at any point of time, the party's engagement is liable for cancellation immediately.
